

Prek-4 through 5th grade

Where do we drop off/pick up?

Drop Off

First through 5th grade: we ask that you follow the blue arrows and do drop off and pick up in the car line. Do not let children out of the car unless you are completely stopped and one of the cars in the line area with the green outline. This drop off starts daily at 8am, when the doors unlock.

Preschool 4 or kindergarten families, please enter the lot from Friendship. Then park and use the crosswalk or sidewalk to move safely to the building. We recommend escorting your child to the building and then saying your goodbyes outside. Of course walking them to their room for a few days, while masked, is fine as routines are established. Siblings should follow the crosswalk/sidewalk and then go to their classroom from an outside door, not the hallway.

Pick Up

During Pick Up, first through 5th grade families should follow the same procedures as drop off. Please post your name card on your visor and be sure it's visible.

For Preschool 4 and kindergarten families, you can join the other line and we'll call your child(ren) to you from your car **or** you can park and get out and flash Mr. Mucken your card to call your child(ren) back to the front where you left them in the morning.
